KATA SAMBUTAN

Salam Sejawat,
Dengan penuh antusiasme, kami menyambut kembali hadirnya HEPATOSIT 2026 sebagai simposium ilmiah yang menjadi wadah pemutakhiran ilmu, pertukaran pengalaman, dan penguatan kolaborasi di bidang hepatobilier bagi para tenaga kesehatan Indonesia. Sejak pertama kali diselenggarakan pada tahun 2021, HEPATOSIT telah konsisten hadir setiap tahun hingga 2025 sebagai forum pembelajaran yang dinantikan oleh komunitas hepatobilier.

Tahun ini, HEPATOSIT kembali hadir dengan mengusung tema “Beyond the Basics: Challenging Hepatobiliary Cases in Clinical Practice”, yang mengajak kita untuk melampaui pemahaman dasar menuju kompetensi klinis yang lebih matang. Melalui perpaduan workshop dan simposium secara tatap muka pada 30 Oktober–1 November 2026, HEPATOSIT 2026 akan menghadirkan diskusi interaktif, perkembangan ilmu terkini, serta pengalaman nyata dari para pakar dalam menghadapi berbagai tantangan kasus hepatobilier.

Kami meyakini bahwa format acara yang dperbarui ini akan memberikan nilai lebih melalui diskusi yang lebih hidup, pertukaran ide yang lebih luas, serta hubungan profesional yang lebih erat antar peserta.

Atas nama panitia, kami mengundang para dokter, akademisi, dan praktisi kesehatan yang berkomitmen menjawab tantangan di bidang hepatobilier untuk bergabung dalam HEPATOSIT 2026. Mari bersama memperdalam pemahaman tentang penyakit hati, bertukar gagasan, dan merumuskan solusi inovatif demi tata laksana terbaik bagi pasien. Sampai jumpa di HEPATOSIT 2026.

Hormat kami,
Dr. dr. Kemal Fariz Kalista, SpPD, FINASIM
Ketua Panitia HEPATOSIT 2026
